- OBJECTIVE Continued Professional Development in the Architecture-Engineering-Construction field with daily challenges and fun along the path to professional licensure. Immediate goals include continuing IDP and ARE. Learning goals include mastering construction documentation and LEED certification.
- EDUCATION UNIVERSITY OF OREGON, Portland
Portland Urban Architecture Program
Master of Architecture, 2009
Portland Urban Architecture Research Lab (Portland Urban Atlas Project)
Miller/Hull studio (David Miller)
Living Building Challenge Seminar
- UNIVERSITY OF MICHIGAN, Ann Arbor
Taubman College of Architecture and Urban Planning
Bachelor of Science in Architecture 2002
First Place: Structures I Bridge Competition
Environmental Technology Curriculum Group
- EXPERIENCE CAD GRAPHICS, Maumee, OH. *Present CAD Specialist / Designer*
Designed industrial gas process devices and installations. Key project: GUMBO, a portable helium-oxygen-nitrogen high pressure mixing device. Work included developing a P&ID into a complete set of design and construction documents, including as-built drawings of the completed device.
- ANDERSON DABROWSKI ASSOCIATES, Portland, OR. *2007-2009 Arch-Intern*
Produced presentation graphics, diagrams, and construction documents. Spearheaded a new file-sharing system to enable secure communication with offices, clients, and consultants. Developed a flexible and professional document format to enable fluid collaboration on proposals and marketing materials. Conducted website maintenance and overhaul.
- WHOLE FOODS MARKET, Ann Arbor, MI. *2002-2006 Seafood Buyer*
Coordinated 1M\$ in annual seafood sales. Developed purchasing methods to reduce waste and improve product freshness. Defined formal systems and documents to ensure speed and accuracy in purchasing. Managed vendor relationships.
- NOTEBAERT CONSTRUCTION, Traverse City, MI *1996-2001 Mason Tender*
Developed hands-on knowledge of masonry construction systems and methods, including interfaces with other trades. Arranged timely assembly of all masonry construction materials, erected scaffolding, and maintained OSHA safe working conditions for Notebaert employees.
- SOFTWARE Microsoft Office: Word, Excel, Powerpoint (proficient), Visio (learning)
Autocad2012(proficient)
Inventor 2013(learning)
Sketchup8(power user)
Adobe CS6: Illustrator, Photoshop, Dreamweaver, InDesign (advanced integration)
